Additional Platforms – Numerous other platforms are available. Please consult with customer service for pricing and details.

Market Data / Quote Fees: There are zero data / quote fees charged for Firetip Free platform. For all other platforms:

Non-professional traders will be required to pay (on behalf of CME Group) \$3 per month for Top-Level (level 1) quotes or \$15 per month for the bundled Market Depth Data (level 2) quotes including all CME, CBOT, NYMEX, and COMEX.

Professional traders will be subject to a higher fee at \$85/month for each of the four exchanges.

Delivery / First Notice: Accounts are required to be out of positions two days prior to first notice date of all deliverable contracts unless delivery arrangements have been made with customer service. Account commission rates will be changed to the “discount vip plan” for accounts requiring any broker assistance or notifications with any type of delivery procedures or notices.

Commissions: United Futures Trading specializes in offering ultra-low rates for experienced traders that trade online. We are able to offer these low rates to clients who do not require any broker assistance. Accounts requiring any type of broker assistance (market questions / news / help, contract details, premium calculations, market trading times, screen shares, information or email notifications about first notice dates, accounts on more than one margin call within a 30-day period, calculating margin off of settlement times, trading platform help, delivery procedures, or margin requirement assistance) will be set to our “Discount VIP” commission plan and have access to our VIP team of brokers for trading assistance.

Discount Online Rate (No Broker Help-\$2500 minimum)	\$0.50 or lower depending on volume
Discount VIP Plan	\$5.00 per contract
Full Service Trades	\$25.00 per contract

Regulatory: 2 cents per trading side to the National Futures Association (NFA) regulatory fee.

Brokerage: Brokerage fees vary depending on which trading platform and backend routing method is utilized. \$0 to \$0.90 cents per side.

Exchange Fees: United Futures Trading charges base exchange fees. Check the applicable trading exchange’s website to determine the current exchange fees.

*The above rates are subject to change. Please check with customer service with any questions.
